# *Focus* CONSULTING GROUP

***"As a consulting firm, our GOAL is to provide***

***WORLD CLASS consulting at a tremendous VALUE."***

At Focus Consulting Group (FCG) we have the skills, knowledge, and experience to help any firm improve their bottom line. Based in Singapore, our consultants have helped multi-national corporations navigate through mergers and acquisitions, implemented large-scale applications for IT organizations, and developed business plans and strategies for start-ups and established worldwide corporations.

### **Mergers & Acquisitions Consulting**

Focus Consulting Group offers a variety of services to ensure that your merger and acquisition is a success from day one. FCG has experienced consultants who have successfully helped navigate multi-national corporations through the integration process. FCG's methodology was developed from hands-on post-merger integrations of some of the largest deals to date.

- Pre-Merger Infrastructure Analysis
- Post-Merger Integration
- Post-Merger Change Management

### **Information Technology Consulting**

FCG consultants have the skills and knowledge to help any IT organization become more effective. FCG's service offerings vary from helping you optimize your infrastructure, setting up a new call center, or implementing a large-scale application. FCG consultants come both from the high-tech industry, where they were successful IT managers, IT project managers and consultants

- Customer Relationship Management
- Application/Vendor Selection and Management
- IT Program/Project Management
- IT Economic Analysis
- IT Architecture Optimization

### **Business Strategy Consulting**

FCG consultants provide business strategy to both start-up firms and multi-national corporations. Our services are tailored towards the marketplace, industry, and needs of the client.

- Business Plan Development
- Strategic Planning
- Organizational Restructuring
